

FOR THE EXPLORERS. FOR THE FUTURE. FOR LA SALLE.

Introduction

SINCE ITS MOVE TO THE WYNDMOOR CAMPUS IN 1960, LA SALLE COLLEGE HIGH SCHOOL HAS PRIDED ITSELF IN PROVIDING STATE-OF-THE-ART FACILITIES FOR ITS STUDENTS. THE CAFETERIA IS THE ONLY REMAINING DAILY-USE SPACE THAT HAS NOT BEEN RENEWED DURING THE COURSE OF THE LAST FIFTY-FIVE YEARS.

Quality space is more important than ever in regard to academics, activities, and when evaluating how students live and study. The school's programs create competing needs for space among academic, arts, athletics, extracurricular, service, parent, and alumni activities. In addition, there is a need for an academic space large enough to seat an entire grade.

La Salle College High School is committed to serving healthy and appetizing meals to our students during normal lunch time hours as well as improved space and food service options for our parent and booster clubs and alumni. These enhanced facilities will not only meet the needs of the school's students and programs, but will be on par with peer schools and attract prospective students.

Then and Now

1960s vs. Today

TOPIC	1960s	2010s
Student Enrollment	865	1,085
Administration, Faculty, and Staff	65	157

Number of Lunch Periods	3	-5
Lunch Hours	11:00 am to	9:50 am to
	1:00 pm	1:30 pm

Today's Standards in Student Dining

Cost of Standing Still

THE CAFETERIA AND SURROUNDING DAILY-USE
SPACES NEED TO BE RENEWED AND THE CURRENT
CONDITION OF THIS AREA REQUIRES THE

FOLLOWING UPDATES IN THE NEXT FEW YEARS:

Overhaul or Replacement of the Kitchen Equipment

Replacement of the Furniture (Tables and Chairs)

Replacement of the Floor

Renovation of the Restrooms

Installation of Air Conditioning

Replacement of the Ceiling Tiles and Lighting

Replacement of the Windows and Doors

Compliance with Current Fire Codes (Fire Suppression, etc.)

Floor Plan of Existing Cafeteria 8,817 square feet THE COST OF THESE REPAIRS,

REPLACEMENTS, AND RENOVATIONS

WILL EXCEED \$1.5 MILLION;

HOWEVER, DESPITE THE IMPROVE-

MENTS, SPACE RESTRICTIONS

WILL NOT BE ADDRESSED.

THE CONSTRUCTION OF

A STUDENT CENTER WILL

ADDRESS ALL OF THE

CURRENT NEEDS OF THE

SCHOOL AND ITS STUDENTS,

POSITIONINGLA SALLE

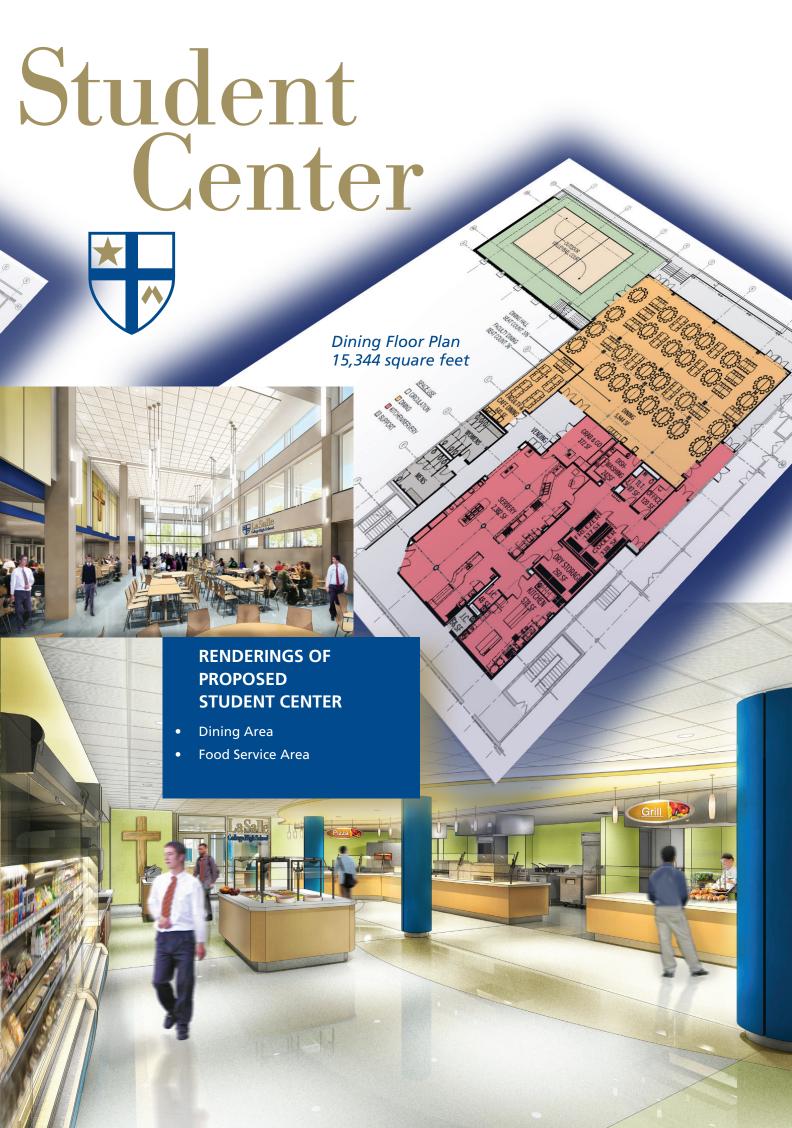

COLLEGE HIGH SCHOOL FOR

THE FUTURE.

THOMAS HOWARD '16

"La Salle's cafeteria is a focal point in student life. A place to socialize, eat, and relax, "The Caf" - as it is called is perhaps the most visited location on La Salle's 84-acre campus."

For The Future, For La Salle

STRATEGIC PLAN

- La Salle College High School has high-quality programs (academic, extracurricular, athletic, arts and service), which provide innumerable opportunities for its students.
- 2. Peer schools offer improved student facilities, which provide bright areas for students to gather and an array of healthful and appetizing meal selections.
- 3. La Salle recognizes that its current cafeteria is outdated, outmoded, and inadequate for its current programs.
- 4. La Salle College High School is taking action to provide facilities commensurate with its programs.

La Salle College High School is committed to providing the best facilities for its students. The fundraising goal to replace two grass fields with artificial turf and construct a Student Life Center to replace the existing cafeteria is \$7.5 million. Construction of the first turf filed is scheduled to begin in the summer of 2015.
