SCOPE
This research guide focuses on those images which are available to use for school projects. The resources chosen all allow individuals to use the images without violating copyright laws. The databases below allow non-commercial use of its material. This means **you can’t use the material to make money** such as to use in a book or other items you will sell. This would be an infringement of copyright law. But you can use these images for **non-commercial educational purposes** such as in preparing papers, reports, presentations or other scholarly uses.

KEYWORDS FOR SEARCHES
To find images, just search for your topic and depending on the database, you results will include images. Also type in terms such as “photographs”
Also when searching in a database look for search tabs or sections which say “images”, “media”, “multimedia” and other such terms.

ONLINE RESOURCES
